

SUGGESTED FONTS

Though there are thousands of various fonts available today - we have found that the following fonts work well in most cases when using our casting process. If you cannot find a suitable font on the list below, or have a preference of your own, please send along your suggestion for review. However, in order for us to use your new font in our vector artwork, or if you are submitting vector artwork for production, please ensure that you "**outline the fonts**" you are sending (converting the font to a graphic element).

*** Note: Not all type styles - even some we show below - will work well on all designs & small text sizes.**
